THE **LATEST**  
COLLECTION

Maurizio Manzoni, born in Nuoro in 1967, graduated with a degree in Architecture in Florence in 1994 and in 1999 he was appointed Adjunct Professor at the University of Florence.

He founded StudioMEMO with the Designer Prof. Roberto Tapinassi in Florence, in 2001. Found common ground in wanting to offer new solutions for contemporary living issues by applying the logic of Italian Design—work, which is purposeful and well-established in research. Studio Memo is able to successfully address every type of design need as it relates to the course of normal design procedure—relying on prototypes and technical consultants to ensure that no project issues go unsolved.

# BYKEPI

Produced as a result of the ongoing and ever-evolving research focusing on production techniques and material diversity, By Kepi is a design team ingeniously and skillfully designing and applying the details.

Since its inception, By Kepi has been accomplishing the entire projects undertaken with the principal of functionality in design.

Feeling excited and having the justified pride to present Capitano Collection of By Kepi in 2022 Istanbul Furniture Fair.
